ID = Insufficient Data (Reporting standards not met; too few cases for reliable information.

Notes

1. Employed Full-Time - The number and percentage of graduates that are employed full time, including entrepreneurs, on temporary/contract work assignment, freelancers, those in postgraduate internships or fellowships, and other work categories.
2. Employed Part-Time - Same categories as Employed Full-Time, but employed for less than 30 hours per week.
3. Seeking Continuing Education - The number of graduates reported as 'Seeking Continuing Education' plus graduates reported as 'Exam Preparation'.
4. Not Seeking - The number of graduates not seeking employment or continuing education.
5. The denominator used for these calculations is the # of students with a known status.
